Company
Profile

Introduction

DEWATERING CONSTRUCTION ETC LIMITED (DCEL) is a specialised dewatering company with a highly trained team of professionals in Well point dewatering and allied services. We have undertaken the installation and maintenance and delivery of various dewatering projects with a proven track record.

DCEL uses GEHO dewatering pumps which are by far the most efficient, economical, and reliable dewatering pumps available. Our staff are fully trained in the maintenance and repairs of Geho Dewatering Pumps. With nearly 30 Wellpoint Dewatering pumps in our stock, we are ready to handle any project. Our unique track record makes us the ideal partner for all dewatering solutions.

GEHO pumps are used worldwide for well point and horizontal dewatering projects.

Company Background

Dewatering Construction Etc Limited (DCEL) was incorporated in the year 2017 with the aim of providing the best quality dewatering and borehole drilling services. We are the sole distributors for **Clasal Pumps Belgium in Nigeria and West Africa** and we also maintain their pumps locally. We are suppliers of the spare parts also for these machines. Our partner include Idemgh Link Limited and Garnet Pneumatics Limited based in Eket.

Vision Statement:

To be the largest and most efficient dewatering service provider in the whole of West Africa, helping our partners deliver quality projects.

Mission Statement:

The company's mission is to deliver high quality services in respect of dewatering whilst maintaining international standard best practices.

Our Services:

We provide professional client-focused ground-water control solutions. As a company, we go above and beyond on every project and deliver on our undertaking.

DCEL offers the following services:

- Ground-Water control (Dewatering and dewatering Consultation services)
- Leasing of GEHO dewatering pumps and accessories (terms apply).
- Sales of GEHO pumps
- Service and maintenance of GEHO dewatering pumps and accessories.
- Borehole drilling services

Our Clients:

- Suffolk Petroleum
- Tombim
- NETCO
- Seflam
- Frontier Oil
- Universal Energy
- Exxon Mobil
- Total Oil
- Niger Star Seven

- Vandrezzer
- Network Oil

At DCEL, we are known for excellence, with extensive experience driven by our qualified teams, who take pride in delivery of the best possible job to our clients.

Our success in this business is measured by our ability to deliver on each promise to our clients. On the completion of individual projects our success is gauged by a satisfied client – one who will utilize our services for a subsequent project and recommend us to other prospective clients. Our mission is in providing ground water control (dewatering process) services and allow our results speak for us.

We at DCEL will not at any time compromise our standards. In addition to our responsibility to deliver the best services to our clients in all their projects.
